

Released May 2019

<b>Section/Lesson/Topic</b>	<b>Section Name</b>	<b>Change Type</b>
1D	Activity: Modifying a Saved Query	Changed the Before You Begin section to denote selecting the "bktitke" and "slprice" columns instead of all columns, to ensure the activity keys correctly.
3A	Conversion Between Date Types	Changed the second-to-last example in the code block to "101" so it reads "SELECT CONVERT(varchar, pubdate, 101) FROM Titles"
4D	Activity: Filtering Group Data	Changed step 1a, second bullet to "COUNT" function (from "SUM" function) to ensure the activity keys correctly.
